O Week

Sidney Blake

I was lucky enough to receive and accept an early offer into my first preference course – a Bachelor of Business at the Queensland University of Technology (QUT). Although I am unsure of exactly what direction in business I wish to take as of yet, I look forward to exploring the wide range of business opportunities available to me at QUT to help me shape my future career. I have begun to

ICC Ball

study Mandarin (a major dialect of Chinese) as a second language through my business degree due to the large influence and presence of China in the business world.

Despite studying at QUT, I live on campus at the University of Queensland (UQ) at Cromwell College – one of UQ's 10 residential colleges. College has been a highly rewarding experience as I have gained hundreds of new friends who act as one large family and make Cromwell a home away from home. College has also allowed for me to continue playing the sports I love in intercollege competitions, whilst also trying new sports in a fun and supportive environment.

O Week Mt Coolum

The move to Brisbane has been one great adventure for me and I have loved every second of it. I look forward to continuing to explore all the opportunities available to me during my time at University and am excited to see where my journey leads me.
